Select if the *Observer* or *Learner* is completing this form:

Skill observed, choose one

- Gathering history from patient
- Conducting physical examination
- Delivering an oral presentation
- Writing a note for chart
- Communication with a patient or family
- Other

Feedback for Jane

Avoid starting your response with +, -, =, /, @

Supervision Rating: From the Observer's perspective, how much did Jane participate in the task?

- "I was available just in case." Student functioned fairly independently and only needed assistance with nuances or complex situations.
- "I directed them from time to time." Student demonstrated some independence and only required intermittent prompting.
- "I talked them through it." Student was able to perform some tasks but required repeated directions.
- "I did it." Student required complete guidance or was unprepared. I had to do most of the work myself.
