The following content was supplied by the authors as supporting material and has not been copy-edited or verified by JBJS.

**Appendix Ia.** Distribution of the postoperative HOS-SS score among all patients in the study population. The dotted line indicates the median of the sample. Shapiro-Wilks test for normality indicated that this data was non-parametrically distributed (p<0.001).
Appendix Ib. Distribution of postoperative HOS-SS scores among patients who achieved the MCID (yellow) and those who did not (blue). The dotted lines indicate the median of the samples.
