AASIG student survey

The New York Physical Therapy Academic Administrators Special Interest Group invites you to participate in a survey to understand the impact COVID 19 has had on you. You are being asked to complete this survey secondary to being enrolled in a PT or PTA program in NY State. The survey should take less than 5 minutes to complete and is anonymous. No personal identifiable information is being collected. The data collected will be utilized by the NYPTA AASIG in determining how to best support the PT and PTA students across NY.

This survey has been approved by the Mercy College IRB. Completion of the survey implies that you give informed consent.

If you have questions about this survey, please contact your program director. Thank you for your time.

Please complete the survey below.

1) Demographic Information:
   Level of Education
   - Physical Therapy Student
   - Physical Therapy Assistant Student

2) Demographic Information:
   Class of:
   - 2020
   - 2021
   - 2022
   - 2023

3) What region of New York State is your program located in? Please refer to the map of districts on NYPTA website.
   - Western
   - Central
   - Southern Tier
   - Finger Lakes
   - Catskill
   - Eastern
   - Hudson Valley
   - Greater New York
   - Long Island
   - Brooklyn/Staten Island

4) Have you or are you experiencing any challenges or concerns (other than the standard curriculum) that relate to the transition to online learning? Please check all that apply.
   - Difficulty finding a quiet place to study/attend classes
   - Lack of privacy if video needs to be on
   - Difficulty with connectivity on the student end
   - Difficulty with technology on the professor's end
   - Lack of contact with professors
   - Lack of contact with classmates/interaction during class
   - Increased time required to learn new technology
   - No lab partner to work with / live alone
   - Lack of feedback on psychomotor skills
   - Other
5) If you checked other in the section above (transition to online) please explain.

6) Have you are are you experiencing any financial challenges/concerns secondary to COVID 19? Please check all that apply.

- Affording books
- Affording tuition and fees
- Housing upon return to campus (commitment)
- Equipment/technology for online learning
- Other

7) If you checked other in the section above (financial), please explain.

8) Do you have any academic concerns (other than the standard curriculum)? Please check all that apply.

- Returning to in person class too soon
- Returning to clinic too soon
- Transportation to/from campus if courses are returning on campus
- Academic performance is not reflective of my capabilities secondary to online format
- Increased test anxiety with online testing
- Online learning does not give the same academic rigor vs classroom experience
- Quality and Quantity of hands-on experiences (depth/breadth) typically given prior to going to full-time clinical
- Hands-on material is not linked to lecture secondary to being postponed or asynchronous
- Not having the depth/breadth of clinical experiences prior to graduation
- Delayed graduation
- Not being prepared for the National License Exam (long period between courses/clinic and when I will be able to take the exam)
- Job availability after graduation
- Other

9) If you have checked other in the section above (academic), please explain.

10) Have you experienced or are you concerned about any of the following (non-academic issues)? Please check all that apply.

- Your health/wellness (both physical and mental)
- Family member health/wellness
- Change in your role/ responsibilities
- Other

11) If you have checked other in the section above (non-academic), please explain.

12) Please list the top three things you think your academic program could do to help you regarding the above.

First Priority:

Second Priority:

Third Priority:
