Table S2. Ultrasound staging*

US stage of PAS disorder	US finding
PAS 0	Placenta previa with no ultrasound signs of invasion or Placenta previa with placental lacunae but no evidence of abnormal uterus–bladder interface (loss of clear zone and/or bladder wall interruption)
PAS 1	Presence of at least two ultrasound signs among: <ul style="list-style-type: none">• Placental lacunae• Loss of clear zone• Bladder wall interruption
PAS 2	PAS1 plus uterovesical hypervascularity
PAS 3	PAS1 or PAS2 plus evidence of increased vascularity in inferior part of lower uterine segment extending into parametrial region
