

Appendix 1. ICD-10 Codes and labels for Neuropathic Disorders

<b>Neuropathic-pain associated condition</b>	<b>ICD-10 Code</b>
<b>Diabetic neuropathy</b>	E08.4x, Diabetes mellitus due to underlying condition with neurological complications
	E08.610, Diabetes mellitus due to underlying condition with diabetic neuropathic arthropathy
	E09.4x, Drug or chemical induced diabetes mellitus with neurological complications
	E09.610, Drug or chemical induced diabetes mellitus with diabetic neuropathic arthropathy
	E10.4x, Type 1 diabetes mellitus with neurological complications
	E11.4x, Type 2 diabetes mellitus with neurological complications
	E13.4x, Other specified diabetes mellitus with neurological complications
<b>Back and neck pain with neuropathic involvement</b>	M47.1x, Other spondylosis with myelopathy
	M47.2x, Other spondylosis with radiculopathy
	M48.0x, Spinal stenosis
	M50.0x, Cervical disc disorder with myelopathy
	M50.1x, Cervical disc disorder with radiculopathy
	M50.2x, Other cervical disc displacement
	M51.0x, Thoracic, thoracolumbar and lumbosacral intervertebral disc disorders with myelopathy
	M51.1x, Thoracic, thoracolumbar and lumbosacral intervertebral disc disorders with radiculopathy
	M51.2x, Other thoracic, thoracolumbar and lumbosacral intervertebral disc displacement
	M54.1x, Dorsalgia with Radiculopathy
	M54.3x, Sciatica
	M54.4x, Lumbago with sciatica
	M54.81, Occipital neuralgia
<b>Spinal Cord Injury</b>	S14.x, Injury of nerves and spinal cord at neck level
	S24.x, Injury of nerves and spinal cord at thorax level
	S34.x, Injury of lumbar and sacral spinal cord and nerves at abdomen, lower back and pelvis level
<b>Facial nerve disorders</b>	G50.x, Disorders of trigeminal nerve
	G51.x, Facial nerve disorders
	S04.5x, Injury of facial nerve
<b>Postherpetic neuralgia/neuropathy</b>	B02.2x, Herpes Zoster with other nervous system involvement
	G60.x, Hereditary and idiopathic neuropathy

<b>Hereditary/Idiopathic neuropathy</b>	G90.09, Other idiopathic peripheral autonomic neuropathy
<b>Neuralgia</b>	M79.2, Neuralgia and neuritis, unspecified
<b>Upper/Lower limb neuropathies</b>	G90.5x, Complex regional pain syndrome I (CRPS I)
	G56.x, Mononeuropathies of upper limb
	G57.x, Mononeuropathies of lower limb
	M14.6x, Charcôt's joint
<b>Unspecified mononeuropathy or polyneuropathy</b>	G58.x, Other mononeuropathies
	G59, Mononeuropathy in diseases classified elsewhere
	G62.x, Other and unspecified polyneuropathies
	G63, Polyneuropathy in diseases classified elsewhere
<b>Other conditions associated with neuropathic pain</b>	A50.43, Late congenital syphilitic polyneuropathy
	A52.15, Late syphilitic neuropathy
	B27.01, Gammaherpesviral mononucleosis with polyneuropathy
	B27.11, Cytomegaloviral mononucleosis with polyneuropathy
	B27.81, Other infectious mononucleosis with polyneuropathy
	B27.91, Infectious mononucleosis, unspecified with polyneuropathy
	B26.84, Mumps polyneuropathy
	G54.x, Nerve root and plexus disorders
	G55.x, Nerve root and plexus compressions in diseases classified elsewhere
	E71.522, Adrenomyeloneuropathy
	G13.0, Paraneoplastic neuromyopathy and neuropathy
	G65.1, Sequelae of other inflammatory polyneuropathy
	G65.2, Sequelae of toxic polyneuropathy
	H46.2, Nutritional optic neuropathy
	H46.3, Toxic optic neuropathy
	H47.01x, Ischemic optic neuropathy
	M34.83, Systemic sclerosis with polyneuropathy
	G37.9, Demyelinating disease of central nervous system, unspecified
	G99.0, Autonomic neuropathy in diseases classified elsewhere
	G61.x, Inflammatory polyneuropathy
M05.5x, Rheumatoid arthritis with polyneuropathy
