

Supplemental Digital Content 3.

The 100 most cited articles in simulation in healthcare education and research retrieved from, and ranked according to, Scopus. Each listed article was also individually searched for in Web of Science and Google Scholar. The citations received by each article within these two additional databases are provided where applicable.

Rank	Author and year	Total number of citations		
		Scopus	Web of Science	Google Scholar
1	Seymour et al., 2002	1,411	1,223	1,994
