

# Satisfaction Questionnaire

## Your opinion interests us

In order to evaluate this simulation training, we would like to know your opinion. Please take a few minutes to complete this questionnaire.

### Organisation

	not at all satisfied					completely satisfied
1. Overall, the organisation of the training is:	0	1	2	3	4	5
2. The duration of the training is:	0	1	2	3	4	5
3. Simulation training in multi-professional teams rather than with peers is:	0	1	2	3	4	5
4. Having simulation training outside your shift work hours is:	0	1	2	3	4	5
5. Not being on duty during the simulation training is:	0	1	2	3	4	5

### Simulation equipment

	not at all satisfied					completely satisfied
6. Overall, the simulation equipment is:	0	1	2	3	4	5
7. The simulation environment is:	0	1	2	3	4	5
8. The simulator realism is:	0	1	2	3	4	5
9. Using the usual pre-hospital devices during training is:	0	1	2	3	4	5

### Training content

	not at all satisfied					completely satisfied
10. The general content of the simulation training is:	0	1	2	3	4	5
11. The team training content is:	0	1	2	3	4	5
12. The content of the simulation phases is:	0	1	2	3	4	5
13. The duration of the simulation phases is:	0	1	2	3	4	5
14. The content of the debriefing phases is:	0	1	2	3	4	5
15. The duration of the debriefing phases is:	0	1	2	3	4	5

### Simulation

	not at all satisfied					completely satisfied
16. Overall, using simulation for training pre-hospital teams is:	0	1	2	3	4	5
17. Doing medical gestures during simulation is:	0	1	2	3	4	5
18. Collective debriefing is:	0	1	2	3	4	5
19. Managing emergency situations in real time is:	0	1	2	3	4	5
20. The scenario realism is:	0	1	2	3	4	5

**Trainers**

	not at all satisfied			completely satisfied		
21. Overall, the trainers' attitude is:	0	1	2	3	4	5
22. During simulation, the trainers' attitude is:	0	1	2	3	4	5
23. During debriefing, the trainers' attitude is:	0	1	2	3	4	5
24. Feedback given by the trainers during debriefing is:	0	1	2	3	4	5
25. Specific feedback on team training given by the trainers is:	0	1	2	3	4	5

**Simulation training usefulness**

	completely disagree			completely agree		
26. Simulation training is useful:	0	1	2	3	4	5
27. Performing simulation with pre-hospital emergency teams is useful:	0	1	2	3	4	5
28. Procedural learning is useful:	0	1	2	3	4	5
29. Theoretical learning is useful:	0	1	2	3	4	5
30. This simulation training is useful for your usual medical practice:	0	1	2	3	4	5

**Your conclusion**

	not at all satisfied			completely satisfied		
31. Overall, for this simulation training, you are:	0	1	2	3	4	5

*Thank you for your help in improving this simulation training*
