## Appendix 2 Coinvestigators

---

<b>Name</b>	<b>Location</b>	<b>Role</b>	<b>Contribution</b>
<b>Evangelos Evangelou, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Helen R Warren, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>He Gao, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Georgios Ntritsos, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Niki Dimou, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Tonu Esko, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Reedik Mägi, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Lili Milani, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Peter Almgren, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Thibaud Boutin, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Stéphanie Debette, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jun Ding, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

---

<b>Franco Giulianini, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Elizabeth G Holliday, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Anne U Jackson, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ruifang Li-Gao, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Wei-Yu Lin, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jian'an Luan, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Massimo Mangino, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Christopher Oldmeadow, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Bram Peter Prins, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Yong Qian, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Muralidharan Sargurupremraj, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Nabi Shah, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Praveen Surendran, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Sébastien Thériault, MD, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Niek Verweij, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Sara M Willems, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jing-Hua Zhao, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Philippe Amouyel, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>John Connell, FMedSci</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Renée de Mutsert, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Alex SF Doney, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Martin Farrall, FRCPath</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Cristina Menni, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Andrew D Morris, FMedSci</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Raymond Noordam, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Guillaume Paré, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Neil R Poulter, FMedSci</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Denis C Shields, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Alice Stanton, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Simon Thom, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Gonçalo Abecasis, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Najaf Amin, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Dan E Arking, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Kristin L Ayers, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Caterina M Barbieri, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Chiara Batini, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Joshua C Bis, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Tineka Blake, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Murielle Bochud, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Michael Boehnke, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Eric Boerwinkle, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Dorret I Boomsma, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Erwin P Bottinger, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Peter S Braund, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Marco Brumat, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Archie Campbell, MA</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Harry Campbell, FMedSci</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Aravinda Chakravarti, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>John C Chambers, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ganesh Chauhan, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Marina Ciullo, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Massimiliano Cocca, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Francis Collins, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Heather J Cordell, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Gail Davies, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Martin H de Borst, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Eco J de Geus, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ian J Deary, FMedSci</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Joris Deelen, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Fabiola Del Greco M, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Cumhur Yusuf Demirkale, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Marcus Dörr, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Georg B Ehret, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Roberto Elosua, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Stefan Enroth, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>A Mesut Erzurumluoglu, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Teresa Ferreira, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Mattias Frånberg, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Oscar H Franco, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ilaria Gandin, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Paolo Gasparini, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Vilmantas Giedraitis, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Christian Gieger, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Giorgia Giroto, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Anuj Goel, MD, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Alan J Gow, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Vilmundur Gudnason, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Xiuqing Guo, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Ulf Gyllensten, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Anders Hamsten, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Tamara B Harris, MD, MS</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Sarah E Harris, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Catharina A Hartman, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Aki S Havulinna, DSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Andrew A Hicks, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Edith Hofer, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Albert Hofman, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jouke-Jan Hottenga, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jennifer E Huffman, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Shih-Jen Hwang, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Erik Ingelsson, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Alan James, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Rick Jansen, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Marjo-Riitta Jarvelin, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Roby Joehanes, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Åsa Johansson, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Andrew D Johnson, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Peter K Joshi, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Pekka Jousilahti, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>J Wouter Jukema, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Antti Jula, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Mika Kähönen, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Sekar Kathiresan, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Bernard D Keavney, DM</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Kay-Tee Khaw, FRCP</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Paul Knekt, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Joanne Knight, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ivana Kolcic, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jaspal S Kooner, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Seppo Koskinen, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Kati Kristiansson, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Zoltan Kutalik, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Maris Laan, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Marty Larson, ScD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Lenore J Launer, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Benjamin Lehne, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Terho Lehtimäki, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>David CM Liewald, BSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Li Lin, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Lars Lind, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Cecilia M Lindgren, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>YongMei Liu, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ruth JF Loos, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Lorna M Lopez, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Yingchang Lu, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Leo-Pekka Lyytikäinen, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Anubha Mahajan, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Chrysovalanto Mamasoula, Sc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jaume Marrugat, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jonathan Marten, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Yuri Milaneschi, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Anna Morgan, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Andrew P Morris, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Alanna C Morrison, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Peter J Munson, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Mike A Nalls, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Priyanka Nandakumar, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Christopher P Nelson, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Teemu Niiranen, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Ilja M Nolte, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Teresa Nutile, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Albertine J Oldehinkel</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ben A Oostra, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Paul F O'Reilly, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Elin Org, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Sandosh Padmanabhan, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Walter Palmas, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Aarno Palotie, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Alison Pattie, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Brenda WJH Penninx, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Markus Perola, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Annette Peters, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ozren Polasek, Dr</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Peter P Pramstaller, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Quang Tri Nguyen, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Olli T Raitakari, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Rainer Rettig, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Kenneth Rice, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Paul M Ridker, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Janina S Ried, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Harriëtte Riese, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Samuli Ripatti, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Antonietta Robino, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Lynda M Rose, MS</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jerome I Rotter, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Igor Rudan, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Daniela Ruggiero, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Yasaman Saba, MS</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Cinzia F Sala, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Veikko Salomaa, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Nilesh J Samani, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Antti-Pekka Sarin, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Reinhold Schmidt, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Helena Schmidt, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Nick Shrine, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>David Siscovick, MD, MPH</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Albert V Smith, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Harold Snieder, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Siim Sõber, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Rossella Sorice, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>John M Starr, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>David J Stott, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>David P Strachan, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Rona J Strawbridge, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Johan Sundström, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Morris A Swertz, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Kent D Taylor, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Alexander Teumer, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Martin D Tobin, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Maciej Tomaszewski, MD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Daniela Toniolo, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Michela Traglia, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Stella Trompet, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Jaakko Tuomilehto MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Christophe Tzourio, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>André G Uitterlinden, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Ahmad Vaez, MD, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Peter J van der Most, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Cornelia M van Duijn, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data

<b>Germaine C Verwoert, MSc</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
<b>Veronique Vitart, PhD</b>	International Consortium of Blood Pressure	Consortium Member	Part of consortium which provided access to their data
